Dear Sir Richard Burke,

As you are aware, such of the Funds of our School as are invested in Government and other Securities are in the personal names of one or more of the Officials of the School.

2. Recently, the Agent of the Imperial Bank, Bangalore, suggested that as the bonds are not the personal property of the Account holders it would be better to have the accounts (Safe Custody) not in the PERSONAL NAMES of the said Officials but in the DESIGNATIONS of those Officials. The Bank also suggested that the authority of the Board of Governors of the School should be obtained to these changes being carried out.

3. At a meeting of the Finance Committee of the School held on the 20th. February 1933, it was resolved that the permission of the Board of Governors be sought to ask the Bank to carry out the necessary changes.

4. It should be noted please that the Bank requires the ACTUAL SECURITIES to be held in its own name so as to facilitate the collection of interest because Government regulations do not permit the actual securities to be in the Official names of Officials of the School.

5. The instructions from the Board of Governors to the Bank would be as follows and signed by the Chairman and Secretary on behalf of the Board.-

6. We shall be glad if you will accept Government and other Securities belonging to the Bishop Cotton Boys' High School, hold them in the name of the Bank, whenever possible, collect interest and dispose of the same as directed by the Warden and the Head Master (either or survivor); and deliver the Securities when applied for to the Warden and Head Master (either or survivor) for the time being duly endorsed in the personal names of the said two Officials of the School or in such way as they may direct.

6. At the request of the Finance Committee the Warden consulted Mr. T.L. D'Silva the Advocate as to the legal aspect of the proposed change and he is satisfied that legally it is sound.

7. I shall be glad to konw if the above meets with your approval.

Yours sincerely,

Ernest A. Fox
